## REMARKS

By the present amendment, Applicant proposes to amend Claims 1, 5, and 8. Upon entry of this amendment, independent Claim 1, with Claims 5-8, 15 and 16 depending therefrom, will remain for consideration.

In the recent Final Office Action (date mailed October 15, 2004), the Examiner objected to the disclosure for failing to provide proper antecedent basis for the claimed subject matter. Applicant has amended the specification at page 9 to provide proper antecedent basis for the terms "cylindrical wall", "closed bottom", "rim", "interior volume", "open top" and "peripheral lip" recited in the Claim 1. In addition, the drawings were objected to for failing to show these claimed features. In this regard, Fig. 1 has been corrected, and new Fig. 1A has been added to show the claimed elements, specifically, the substantially cylindrical wall, the closed bottom the rim the interior volume and the open top of the cup 10, and the peripheral lip of the cover 12. Applicant submits that no new matter has been entered by the proposed revisions to the specification and drawings.

In the Final Office Action the Examiner indicated that Claims 1, 5-8, 15, and 16 were allowable over the prior art of record, such indication is noted with appreciation.

In the Final Office Action the Examiner rejected Claims 1, 5-8, 15, and 16 under 35 U.S.C. § 112, second paragraph, as being indefinite. Applicant has amended Claims 1, 5, and 8 in accordance with the Examiner's observations and suggestions. Applicant respectfully submits that

Claims 1, 5-8, 15, and 16, as amended, meet the specific requirements of 35 U.S.C. § 112, second paragraph. No new matter has been entered.

Applicants respectfully submit that the proposed amendments made herein properly respond to the outstanding Final Rejection and represent a *bona fide* effort to satisfactorily conclude the prosecution of this application. Care has been exercised to ensure that no new matter has been introduced and that no new issues have been raised that would require further consideration or search. Accordingly, entry of the present amendment is respectfully requested.

For the foregoing reasons, Applicant respectfully submits that the present application is in condition for allowance. If such is not the case, the Examiner is requested to kindly contact the undersigned in an effort to satisfactorily conclude the prosecution of this application.
